

Sample Master Semi Automatic Biopsy System

Click once for a 20mm throw with SAMPLE MASTER needles. Available with or without coaxial introducer needle. One-handed operation for convenient manipulation of guidance device (ultrasound transducer).

- 20mm sample notch
- Echogenic tip for accurate placement under ultrasound guidance
- Centimetre depth markings assist in needle placement
- Can be used with echogenic Coaxial introducer needles
- One-handed operation for convenient manipulation of guidance device (ultrasound transducer)

Sample Master Coaxial Biopsy System

Allows multiple sampling from one percutaneous puncture with minimal damage to surrounding tissue.

- Trocar point tip maintains directional stability
- Blunt tip cannula helps prevent inadvertent distal drift and may reduce risk of tissue trauma
- Echogenic markings facilitate precise ultrasound positioning
- Locking skin stop helps prevent forward migration
- Matched in length to cutting cannula
